PRESS RELEASE

Crime/Incident:	Serious injury Collision/Second non-injury collision resulting in power outage	Case:	10-6742 10-6743
Date:	10-6742	Time:	1951 hrs
Location:	College Blvd @ Carlsbad Village Dr.		
Driver 1:	Roslund, Alexander	Age:	21 yrs
Driver 2:	Joyner, Indira	Age:	34 yrs
Victim 1:	Juvenile Female	Age:	15 yrs
Victim 2:		Age:	

Summary: On 10-27-10 at approx. 1951 hrs, Officers were dispatched to a motor vehicle collision at the intersection of College Blvd. @ Carlsbad Village Dr.

On arrival, Officers discovered a serious injury collision between two minivans. Paramedics from the Carlsbad Fire Department treated two persons at the scene. An adult male driver was transported by ground to Sharp Memorial Hospital with a broken foot and a laceration to the head. A minor female passenger was transported by air ambulance to Children's Hospital with abdominal pain. It was determine that the collision was caused by Driver #1 (Roslund) running a red light and colliding with Driver #2 (Joyner) which carried that 15 yr old juvenile female.

Officers also discovered that a second, non-injury collision occurred just north of the intersection and resulted in a power outage. This collision was apparently the result of one driver being distracted by watching the original collision as she drove northbound on College Blvd. This driver drifted into a neighboring lane, sideswiping another vehicle. The original driver lost control of her vehicle and struck an electrical junction box. This caused a power outage which effected the entire neighborhood and was estimated to last through the night.
